The Govt. are now Satisfied ~~satisfactory~~ That the Establishment in the Pettah of a Dispensary for the Special treatment of women & children is a measure which should not be longer delayed – Such a Dispensary is now Sanctioned the Cost of it will be defrayed from the

Ci[illegible] municipal funds (as was proposed in 1890.) — The mins? at present are not able to pay the Salary of a Lady Doctor, and it is desirable that for purpose of promotion & status she shd be on the regular Establishment; the Govt therefore resolve to appoint mrs Leach assistant Surgeon of the 3d grade. She will be borne on the medical Estt of the State, but will be lent to the municipality for charge of the proposed Dispensary for women & Children. It will also be a part of her duty Not-only to give medl. aid to women & Children but also to others that may apply at the Dispensary, not only of those who are able to come to the Dispensary, but also to women & Children in their own homes when they are unable to attend the Dispensary

The portion of the Talaba Cutcherry premises where the Dispensary is now held is not particularly suitable for the purpose, and the Pres.ᵗ of the Mun.ᵗ Sh.ᵈ take steps to provide a better place as soon as possible. Probably the Old Barrack Hospital in the Fort, if MSS.ᵍ Central, could accommodate both the Female Dispensary & what is now known as the Fort Dispensary and both can then be under one management. This point Sh.ᵈ receive the attention of the Senior Surgeon & Mun.ᵗ Pres.ᵗ in due Course —

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th February 1892.

No. 13598-600½—L. 1391, DATED BANGALORE, 29TH FEBRUARY 1892.

ORDER.—In 1890 the Government favorably entertained a proposal made by the President of the Bangalore Municipality with the advice of the Senior Surgeon, for the establishment of a Dispensary in the Pettah for women and children. Arrangements were then made to fit up a portion of the Taluk Cutcherry for the purpose and the required medical stores and furniture were provided. The appointment of Miss Ayachammal, L. M. S., as Lady Doctor for charge of the Institution was recommended, but owing to certain reasons, the proposed scheme was not at the time finally carried out. The Government are now satisfied that the establishment in the Pettah of a Dispensary for the special treatment of women and children is a measure which should not be longer delayed. Such a Dispensary is now sanctioned; the cost of it will be defrayed from the City Municipal Funds, as was proposed in 1890. The Municipality are at present not able to pay the salary of the Lady Doctor, and it is desirable that for purpose of promotion and status, she should be on the regular establishment; the Government therefore resolve to appoint Miss Ayachammal as Assistant Surgeon of the 3rd Grade. She will be borne on the Medical Establishment of the State, but will be lent to the Municipality for charge of the proposed Dispensary for women and children. It will be a part of her duty not only to give medical aid to women and children, but also to others that may apply at the Dispensary, not only to those who are able to come to the Dispensary, but also to women and children in their own homes, when they are unable to attend the Dispensary.

2. The portion of the Taluk Cutcherry premises where the Dispensary is now to be held is not particularly suitable for the purpose, and the President of the Municipality should take steps to provide a better place as soon as possible. Probably the old Barrack Hospital in the Fort, if sufficiently central, could accommodate both the Female Dispensary and what is now known as the Fort Dispensary and both can then be under one management. This point should receive the attention of the Senior Surgeon and the Municipal President in due course.

3. The appointment of Miss A. Wells also as Assistant Surgeon of the 3rd Grade is approved for charge of the Maternity Hospital and application for permission to appoint her has been made to the Government of India, as she is of European parentage.

4. The appointment of two Lady Doctors as above will amply provide for all the medical requirements of the Bangalore City for treatment of women and children.
